Welcome to Singapore Math
Math in Focus: Singapore Math
by Marshall Cavendish
Online Edition

What's Included?
This online version of *Math in Focus: Singapore Math* by Marshall Cavendish features not only your textbook, but also a variety of interactive materials that will enhance your learning experience.

Teacher Resources
Find chapter and lesson resources here, including assessments, family support, and solutions.

Videos and Tools
Access author podcasts, interactive math tools, and virtual manipulatives for additional support from this tab.

Transition Resources
A Transition Guide is provided to help teachers and students new to the Math in Focus program. Math background guides and skill objectives worksheets are available here.

Parent Resources
Access family support tools including letters and activities, parent support videos, and author podcasts.

How To Get Started

Step 1.
Select a chapter and a Lesson.

Step 2.
Select a tab to view content related to that chapter and Lesson.
