*Dr. Dean J. Schlanger, Principal
Manhasset Secondary School*

June 6, 2017

Dear Parents/Guardians,

I am pleased to provide you with the June 2017 schedule for final evaluations and Regents. Please review the schedule with your child and keep it in a highly visible place for reference. This general schedule can also be read on the High School and Middle School web sites.

Teachers will inform students of the exact times and locations of their respective exams. Comprehensive templates of the schedule will also be made available on the District web site and posted in central locations of the Secondary School no later than Monday, June 12th.

The last day of regular classes will be Monday, June 12th. Please note that final exams not posted on the exam schedule may be administered during the regular class schedule June 5th through June 12th. **Testing week exams have been scheduled from June 13th -20th.**

Current 8th grade students should note that the High School freshman orientation program will be held on Monday, June 19th at 9:45 AM in the auditorium, immediately following the second language proficiencies.

The cafeteria will be open during testing week, from 7:30 AM – 12 noon. A light menu/snacks will be available for students.

Transportation information, including schedules, routes, and request forms, is included in this packet. We ask that you review it carefully.

During the testing week, students should come in only for their scheduled examinations, unless previous arrangements have been made with teachers for review sessions. All secondary school students would be encouraged to use the high school media center for test preparation in case of early arrival to school or early completion of a prior exam.

Students are reminded that the new Regents exam scoring systems will require that answer sheets be filled in with blue/black ink, so students should bring several pens with them to each Regents exam. **ONLY THE ENGLISH REGENTS WILL CONTINUE TO BE COMPLETED IN PENCIL.** If you have questions about supplies that should be brought to each exam, please speak to your specific teachers for clarification.

During all testing situations, the use of any electronic device (e.g. cell phones, ipods, etc.) other than those approved by department supervisors for testing situations (e.g. calculators, devices for students with physical disabilities) may not be used or handled at any time during an exam. Students in violation of this directive may be removed from an exam and have their score for that test/Regents exam nullified.

We continue to place a high priority on school attendance. The final days of school are exceptionally important, as the conclusion of subject matter and review for exams become prevalent. **Be advised that absences from exams during testing week will only be excused with a physician's note or consultation with the school physician.**

We look forward to a successful conclusion to the school year and a pleasant summer for all.

Respectfully,

Dr. Dean J. Schlanger
