

Congratulations to our 2020 - 2021

**AIMÉ QUALIFIERS**

# What is the American Invitational Mathematics Exam?

- The 2<sup>nd</sup> round of February's *American Mathematics Competition* given only to invited students
- A 3-hour, 15-question exam test given this past March 10<sup>th</sup>
- Estimated that only the top 2.5% of February *AMC 10* exam takers and the top 5% of *AMC 12* exam takers are invited

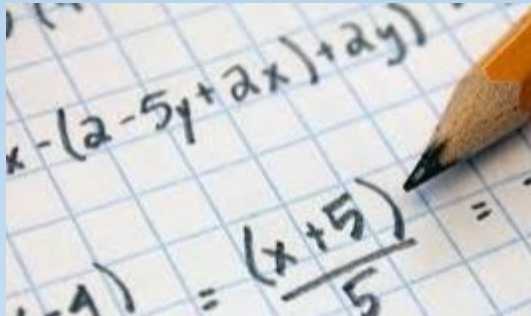

# Sample Problem from the March 10<sup>th</sup> exam

Find the number of positive integers less than 1000 that can be expressed as the difference of two integral powers.

# Sean Lim

## Grade 10

# Derek Lu

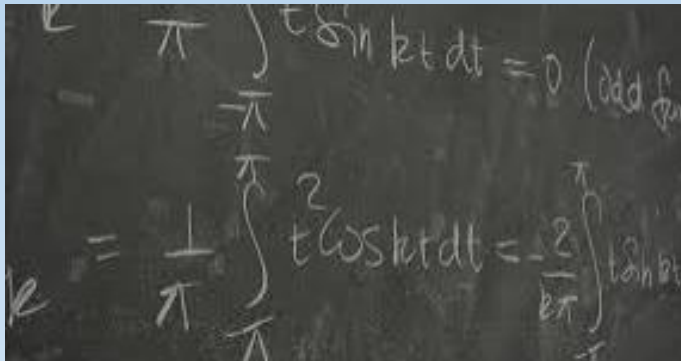

## Grade 11

**Julia**

**Moosikasuwana**

**Grade 9**

# Benjamin Punzalan Grade 10

# Dylan Wu

## Grade 11

# Congratulations, also, to the Math Department Faculty!

- Mrs. Mona Lee, our Junior Mathletes coach
- Mr. Derek Jones, our Senior Mathletes coach
